

25th Nov. 1955.

Dear Mr. Rigdzin Lhundub,

Please refer to your letter of the 21st September, 1955. I was unable to answer it earlier in the absence of a reply from Rome. Now I have received a letter from the Institute of which Prof. Tucci is the President asking me to inquire from you whether you are still willing to come, if necessary in the near future.

Please send me your qualifications. The work in Rome ~~XXXXXX~~ will consist in making a catalogue of the Tibetan collection at the Institute, to assist in translations from Tibetan and to teach Tibetan to students.

Hoping to hear from you,

Yours sincerely,
