

1
Kalimpong,

3rd August, 1956.

It gives me great pleasure to give this letter of introduction to Miss Chic Nakane, the Japanese research student in Far Eastern History (especially the Mongol-Tibetan area) and anthropologist who is going on a brief visit to Sweden. Miss Nakane is holding a scholarship from the Wagner Foundation, and for the last three years has been engaged in anthropological work in Assam and Travancore in South India. She has also continued her Tibetan studies with me in Kalimpong. Miss Nakane is most anxious to meet scholars working in her field, and to get acquainted with Central Asian collections in Sweden. I shall be grateful for any courtesy shown to her during her stay in Sweden.

With kind regards,

Dr. Goesta Montell,
Statens Etnografiska Museum,
Stockholm.
