Dear Mr. Hartmann,

Many thanks for your friendly letter of Nov. 7th 1932. We have received the two publications of Dr. Sherman and have written him that we were glad to have established with him exchange of publications for the future.

Our vol. III is in print and shall be sent both to him and to you, and I shall be glad if you will review it in a German Scientific Paper.

I am very interested in your proposal to interview Brockhaus in Leipzig about the possibility of a German edition of my "Trails to Inmost Asia". As you probably know a French edition is in print and I believe that this style of book is very suitable for Brockhaus, who have published Sven Hedin, Filchner etc.

Professor de Roerich has not received any letter you mentioned.

With best wishes

Sincerely yours,

Director.
