My dear Dr. Roerich,

Thanks for your letter of the 16th instant. As informed by Mr. Rahul, I am making arrangements to bring out a special issue of the Journal dealing with Ladakh. You may very kindly send your article as soon as possible. My first intention was to publish these in October issue, but as all manuscripts have not been received I intend to publish them in the November issue.

*By 2nd Oct. article*

I am extremely sorry, we have not yet been able to start printing of the "Foundations of Buddhism" by Rokotoff. In case you have not made ~~your~~ arrangements to publish the same through some other firm, you may leave the manuscript with me for some time more so that I may try to publish it as desired by you.

I received a letter and a short article from Madame Alexandra David-Neel last May. She was in good health. I have not heard from her since then.

I trust you are in the best of health.

With kind regards to your mother and yourself,

Yours in the Dhamma,

29th December, 1950.

My dear Dr. Roerich,

Many thanks for your letter of the 26th inst. I am arranging to send you 6 copies of the December Number, as required. I trust that there are no printing errors in your article.

I am extremely sorry that I have not yet been able to undertake the publication of "Foundations of Buddhism". As I am unable to give a definite date, I am taking your suggestion and returning the same by registered post so that you could undertake its publication yourself. My action will be a disappointment to you as it is also to me, but under the circumstances nothing else could be done. I am sure you will excuse me for any inconvenience caused to you in this connection.

I trust you are in the best of health.

With kind regards,

Yours in the Dhamma,

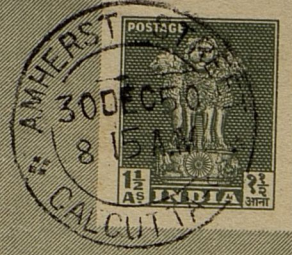

*D. Valisinha*
