My dear friend:

It was very good of you to make our little tea such an event as shall be cherished in the memory always. My other friend was enchanted and I, too, was very happy, in your company. Russia, strange, unknown, marvellous—how it has moved my heart! You are the symbol of my love for Russia; will you not be that as well as, personally, my friend? I send my most cordial greetings to you; and deep affection.
