Dear Professor Roerich,

Some time ago I learned that you published a work the exact title of which I am at a loss to state. But I think it must be The Blue Chronicle or the Blue Annals. There will be no difficulty to identify the book. I failed to buy this book of yours being informed that it is not sold. This translation being most essential to me I beg to ask whether it might be possible to exchange a copy of it against a book of mine. You may choose between my Tibetan-Sanskrit Index to the Bodhisattvacaryāvatāra published in two fascicles or Über den Quellenbezug eines mongolischen Tanjurtextes containing the Tibetan version of the Bodhisattvacaryāvatāra. In case you may accept my proposal kindly let me have an answer. I then shall despatch the book you prefer to your address by registered book-post. If you should send your book to me please have it registered.

The Index I mentioned covers 611 pages and the book Über den Quellenbezug eines mongolischen Tanjurtextes 165.

Yours most respectfully

Friedrich Weller.
