Dear Dr. R.

Are you well? we are all well too.  
we arrived safely at (Ya tung) now we lived at  
Dax banglow. We thank you very much because  
because Mr. Thing gi helped us to lend the car,  
on the road there are lots of snow, we went  
by the snow road, we fall down many times on  
the snow, but it is not so cold, we came  
very quickly to (Ya tung). Now Mr. Thing gi  
told us to wait for three days at (Ya tung)  
and ~~we~~ if some car come we will go to Tibet.

I wish we can meet at Tibet very  
quickly. I told the chief of Chinese soldier that  
I like to be a nurse at Tibet and they said  
I can do it and after some years I should go  
to Peking to learn to be a nurse. I thanks  
you very much for your kindness to help us.

I will not forget your advise, I will  
remember it till I die. Now I will stop writing  
this letter till I came to Phari. bye-bye.

Your faithfully student.

Rinjin Doma.

Dear Dr. G. Roerich:

I think you are well, we are all well too. We lived at Yatung for 16 days, and now we arrived at Phari, at Yatung we were waiting for cars, but we haven't got, so Mr. Thing Li gave us 100 Dollars, and we came on horses,

Now at Phari there is no car because from Shasa the road is spoiled by the melting snow, so there is no car, and we spent all the money and now we left Rs20 present Rs. and we do not know what to do, and the water is very dirty, if we drink it we all became sick, and our mother is worse, If we live long we will die I think. So please write a reply to us.

we are living at Tsarung Lachung La's house.  
now I will stop writing this letter.

Your faithfully student.
