Kalimpong, W.-Bengal

Dear Sir,

Dr. Toni Schmid has informed us about your untiring efforts on behalf of the copy of the Tibetan Tanjur that our library ordered from Narthang through the intermediary of Dr. Schmid and yourself about a year ago. I think I must express my sincere thanks to you for everything you already have done and still are doing in this matter. I hope you will succeed in getting the copy, although I am quite aware of the extreme difficulties it implies and I understand quite well that it must cost much time to print such a vast collection. I can assure you that we shall be very happy that very day when the tremendous set of volumes arrives here and there are some students here who are very eager to study them. But I know that even after the set has arrived to Kalimpong it will take a considerable time to collate these hundredthousands of pages, so we will have to wait still a long time. As soon as everything will be in order you will get the payment from the Swedish Consul in Calcutta.

Thanking you once again for your precious help, I remain

Yours sincerely,

Tönnes Kleberg
