Dear Sir,

We have been informed by Shri A.K.Gupta of Calcutta that in the Monastery on the Marbour mountain at Lhasa there are some manuscripts written in Pali 1900 years ago, dealing with the life of Jessus, described in the text as St.Issa. It is also reputed that the Tibetan text of this manuscript is at present at the Himis Monastery near Leh in Ladakh. We understand that the famous Russian archaeologist, Dr.Nicholas Notovitch published a book in Russian called "The Unknown Life of Jesus Christ" 1878 and your father Count Nicolas Roerich and yourself made a search for the above manuscripts in 1925-35 in Tibet and Central Asia.

We shall be grateful if you kindly let us know whether any manuscripts bearing on the life of Jesus Christ were found by you and your father in the Hemis monastery at Ladakh and in

the monasteries in Tibet.

Thanking you,

Yours faithfully,

G. F. Lakhani

Dear Sir,

It is understood that you have prepared a Sanskrit-Tibetan-English Dictionary. I shall be glad if you kindly let me know the special features of the dictionary, the arrangements, if any, which you might have made for its publication, the size of the manuscript and approximate cost of its publication.

Yours faithfully,
