Dear Mr. Hoerich,

I am so thankful to you for your kind interest in the matter. I am willing to take 500 seedlings half apple and half pear. Please let me know if these are pure seedlings or grafts.

Also please let me know how to bring these from Kulu. I want to plant the seedlings this season in Lhasa so your prompt information about above points will greatly be appreciated with thanks

Yours sincerely

P.S. Could you please appoint a time any time tomorrow or day after, when I want to see about this.
