Dear Sir,

Being desirous of studying Tibetan with a view to study Mahayana Buddhism and to collect our lost treatises on Tantra and Gyotisha from Tibetan Monasteries, I want your help.

I am a research student in the domain of Buddhism. My subject is Rise-fall and absorption of Buddhism in India. Also I want to find out how far Buddhism can help the public mind to be turned for peace which is the most pressing problem of the day in the international field.

Can you possibly make some arrangement of my studying with you & oblige!

With loving kindness, by an all I remain

Yours faithfully.

in the cause of the world peace
