Jose Albuerne, Esq  
Buenos Aires.

Dear Friend,

I want to ask you one little question, which as resident of Buenos Aires I expect you will not find too difficult to answer. Some years back six of my paintings were given on loan to the Buenos Aires Museum. I do not know whether they are on exhibition and therefore request you to ask the Director where these my six paintings are at present? If they are in the catalogue, please obtain and send me a copy. But perhaps they are for some reason temporarily in storage. This is question of importance because amongst them there is one painting "Sacre de Printemps" a reproduction of which I am very much in need of for an English magazine. I hope it will not give you much trouble to make this inquiry and I thank you very much in anticipation.

How is the matter with "Agni Yoga" proceeding?  
We shall always be glad to hear from you.

In Spirit with you
