The Hon. Mr. Sol Bloom,  
Washington D.C.

My dear Mr. Sol Bloom,

To-day I have received the Washington Bicentennial Medal with your letter of June 19th. Permit me to express my deep feeling of appreciation for this beautiful token, which will remain in my family and will forever remind us of the Heroic Leadership of this Great Builder. May the United States continue the path of ascent, flourishing under the enlightened guidance of its present President.

In your letter you mention the co-operation of our Institutions in connection with the glorious event of the Bicentennial. Verily, we all have at heart to do our utmost to contribute towards the growth of the country which stands as a treasury of human achievements.

I take this opportunity to thank you for your cordial interest in our Peace Pact and I am sure that the U.S. Congress will also in this case manifest full response and support in its realization.

With our best regards to your family and yourself,

Yours very sincerely,
