My dear friend, Gordon Bottomley,
Your letter of Dec 29 has given me much joy because
our spirits are so near. I enjoyed hearing that you
liked the "Himalaya" edition. Probably you will write
about it in the British Press, so when something will
appear be kind to send it to me.

Now we are living in the most picturesque Kulu
Valley. Please note my address.

Many new paintings and writings! The new Building
of the Museum is going nicely.

With every best wish to Mrs Bottomley and yourself
