Jullundur.

Your Highness,

From your kind letter of the 7th inst., I was glad to see of your successful and energetic participation in the cultural movement of womanhood. Such a movement is very near to our heart, because Mme de Roerich and I are Honorary President Founders of Society "Women's Unity", with branches in several countries and with their headquarters in New-York. This coincidence gives me the pleasure to send you enclosed one of my latest addresses to this Society, which you may not only like to read to your co-workers, but are also at liberty to publish in a periodical organ of India's womanhood. I also send you the offprint of my article "Maitreya", published in the "World Unity".

By the way what happened to our friend Mr. Georgiev. I never heard from him, although he has written to Mr. Shibayev from Manali before his departure, that he is writing to me. Perhaps this letter went somehow astray, as it sometimes happens.

We also keep the most pleasant remembrances of your visit and hearing that you intend to go to Europe, wish you and your brother a delightful journey. Mme de Roerich is sending you her best wishes.

Very sincerely yours,
