My dear Friend,

Your letter reached us in Darjeeling from where, very soon, we shall go to Simla. I am sorry to say that the health of Madame Roerich does not allow her to descend from the mountains into the plains, so that the trip through Calcutta will be a very trying one for her and we shall try to go through the plains as quickly as possible. Our address in Simla will be as above.

an your son John shall be rather near to us at the Persian border. We shall send you our best greetings

during your most interesting journey.

With interest we read your article about dates and about your estate in California. In your care for plants I understood how you will be interested in our new scheme of a Scientific Plantation in the Himalayas. Really this region of snowy giants is giving unique opportunity as regards fertility and altitude, therefore nourishing and healing plants grow there better than anywhere also. Next fall, when we shall meet I will tell you many details about it.

Lately T finished a certain number of paintings, dedicated to Tibet and Himalaya, also two books were completed, one is a travelling diary "Altai-Himalaya" the other is "Shambhala - the Resplendent". I hope you

will like them.

We all s and you and John our best thoughts.

Yours sincerely

Mr. Charles Crane. c/o Messrs BUSRAH, Iraq.

Dear Mr Crane,

Just received your letter from Muskat and we were happy to hear that you and John enjoyed your trip and that the encounter with the Wahabis, which was in all local newspapers, had no bad consequences for you.

Now we are staying at Naggar, in the picturesque Kulu Valley, covered with brilliant snow. The health of Mme Roerich does not permit her to descend to the plains. Even the last hurried trip thru Calcutta - Delhi, inspite of the winter season, was rather difficult for her. We are greatly concerned with such a condition of her heart.

If you are travelling in Morthern India, perhaps you could spend some time in visiting us here. In this case the route is as follows. Thru Amritsar to Pathankot N.W. by train, hence thru the Clive Transport Co. (you have to arrange this beforehand) by car to or three days with stops at night in Dakh-Bungalows and we advise to take some food with you. So you go until Katrain Bridge where we shall meet you with horses for the last climb up to Naggar, but please bet us know by wire of the exact date of your arrival.

Certainly there are many things which we would to discuss. The cornerstone ceremony of the Building, which is already up, will be on March 24th, and I, George and Sviatoslav, who is staying with us, are sailing for America at the end of April, probably by the s/s "Viceroy of India" on May 4th.

We shall always be glad to hear from you and we hope that Mrs Crane and all your family are in the best of health.

With affectionate greatings from us all to you and John Yours very sincerely

The Honorable
Charles R. Crane, Esq.
American Legation.
Cairo.

Dear Mr. Crane,

It was a real joy for us all to receive your message from Allahabad. Really it is a pity that we could not meet personally. But to go from beautiful Kulu to the plains takes at least five days if a car can be had, but it is not easy to get it.

I am glad to hear that about June 1st you will be already at home. I, George and Sviatoslav shall sail on May 22nd by the s/s "Genova", so we expect to be at home by the end of June.

We shall be so glad to meet you, because really so many things are to be discussed. I am sorry that Mme Roerich cannot go with us to America. For her it is quite impossible to go through the plains and cross the seas.

One of our coworkers, Miss E.Lichtmann is leaving New-York to-day to stay with Mme Roerich during our absence. By the way if you know personally one of the American consuls in India: Karachi, Bombay or Calcutta, perhaps you can kindly ask him to give assistance to Mme Roerich if need be. "me Roerich is director and trustee of American Institutions and I am going to complete our American citizienship. Miss Lichtmann is an American citizien, so it is quite natural for the U.S.Consul to assist them.

I can imagine that you should be tired after such an extensive trip with such unusual happenings as the Wahabi

attack. We know this unpleasant feeling when you are attacl and can expect some hostilities every moment.

Just we received a cable from New-York, announcing that steel construction of the Master Building was completed on March 2nd and now brick work is at full speed.

During the last period I have completed many paintings, dedicated yo Tibet and our beloved Himalayas. I am so glad to know that one of the rooms of the Museum shall for ever bear your name. And our personal meeting will be a real joj to us all.

With affectionate greetings from us all to you and John

Dear Friend.

Your letter with the most valuable and interesting enclosures gave to Mme Roerich and myself great joy. How colorful is your life and what remarkable mile stones constitute your various friendships. Verily you can relate to us much of greatest interest and likewise can we to you. As you know we have now under the Banner of the Museum over 35 Societies in various countries and it is so gratifying to witness how rapidly grow the Institutions and how many unexpected friends approach. Even such far off places as Taiti, South Africa, Indo-China are prepresented on our list.

hand could be organized a similar cultural Society of ours in China of whose ancient Culture I am a fervent admirer. My paintings Laotze and Confucius speak eloquently about it. Should you be in need we would furnish you with literature for distribution among your friends, who much to our joy so wisely have elected you Monorary Advisor recently. We have recently suggested to our Museum to honor the President with our Insignia Ist Class for resplendid merits for Culture. It will please you as an Monorary Advisor of the Museum to know that similar insignian

Ist Class were presented and only appreciated by President Masaryk, President Doumergue, King Alexander of Yugoslavia, King Buras of Bulgaria. King Albert of Belgium, Queen Wilhelmina of Holland, King Maakon of Norway, the Emperor of Ethiopia, Prince Eugene of Sweden, the Emperor of Japan, the Cardinals Pacelli & Maglione, the Archbishop of Canterbury, the Mitropolitan Platon and Mitropolitan Eulogius and a number of distinguished Kulturträger.

I am certain that for you and Mro Crane it will be a great joy to know that His Holiness the Pope of Rome has bestowed upon me His Apostolic Blessings. I was happy to see how highly the Vatican appreciated my Art.

Amidst this tremendous growth of the works and honors there is but one shadow and this is the illness of Mme Roerich. Her condition is weak and the only relief we may expect is from high altitudes. She sends you, Mrs Crane and your family her heartiest and warmest greetings. When you will be in Paris, please do not fail to visit our European Center at 12 rue des Poitiers. Shortly I am sending there 3 paintings - two for the Cheter and one for Malexander of Yugoslavia.

I would like again to convey to you how we will rejoice at each message from you.

With my heartiest wishes Yours most friendly.

May 25th, 1932.

The Hon. Charles R. Crane, New-York.

Our dear Friend,

We rejoiced heartily at your last letter, seeing from it that you are in best of health, as usually full of energy and taking to the heart broad interests. We do not know whether our letters sent to Egypt and to Paris ever reached you.

Of course you have heard that we continue intensively our work. Often the question of health gives trouble, especially when the heat becomes excessive. Miss Lichtmann, whom we ask to transmit to you this letter, will communicate to you many details of our activities.

We ask you heartily, as our Hon. Advisor, to be so kind to give to Hiss Lichtmann your best advice in connection with the last developments which have arisen around the Museum's building. We do not speak about the difficult financial situation, as this as at present a general occurrence. We are greatly concerned that some of our co-workers noticed some malevolent black hand which mysteriously acts not only against our interests, not only against the interests of the Institutions but even against the interests of the bondholders of the building.

In view of your being so widely informed, you will perhaps be in position to give Miss Lichtmann some bint from where such malice could originate and what kind of influence and in what circles could justly help this situateon. You have so many friends, you have your experienced legal advisors, and perhaps you possess just those most valuable news, which would be of greatest importance for us. The attacks of dark forces are so definite that proceedings are already on the way to defend the rights of our Institutions. It is striking that the malicious enemies try to disregard their own agreement signed by their and

our attorneys. Thus it appears that some malicious hand tries to involve into ruinous transactions. Perhaps you or your legal advisor can give us your valuable suggestions. Miss Lichtmann knows of all circumstances and can give every detail. Of course we know that the whole of America is in a tremendous crisis. But this does not mean that the country should begin first of all to destroy cultural beginnings, which during a decade gave splendid results as evinced from our Decade Book.

The cannot admit the thought that the country can so easily allow the destruction of cultural institutions, which have had such appreciation up to now, and the activities of which have affirmed the American Flag with great dignity in many countries, creating admiration of America.

Of course everywhere can exist a certain amount of jealousy, but in cultural activities one would expect such feelings to be least admissible. We fear that in our case we have to do not with usual jealousy but with malicious attacks of a black hand, - and I may add that one of our attorneys has come to the same conclusion. Therefore it is so important for us to disclose the origin of these dark actions. Of course we shall face all these difficulties absolutely unwaveringly and will fight until we shall find justice.

Therefore we ask you as our close friend to give your best hearty advice.

We hope that Mrs Crane's health is well and that you have much joy in seeing your young generation grow up. Will not your next trip take you nearer to our Valley - we shall be wo very glad to see you personally.

With best regards to Mrs Crane and yourself

Ever yours sincerely,

Мы радовались сердечно Вапему последнему письму, видя из него, что Вы в полном здоровье и по прежнему полны энергии и принимаете к сердцу широкие интересы. **Мишепециам** Ми не знаем получали ли Ви наши письма, посланние в Египет и по Вашему Паринскому адресу. Как Вы вероятно слишали мы все продолжаем усиленную работ Озабачивает часто вопрос здоровья в особенности когда начинается жаркая погода. Мисс Лихтманн , которую мы просим передать Вам это письмо сообщит Вам разные одробности нашей деятельности. Очень просим Вас так нашего Почетного Советника не отказать дать мисс Лихтманн Ваш лучший совет по воводу последних положений создавшихся около здания Музея. Ми не говорим о тяжелом финансовом положении, ибо это обстоятельство сейчас по всеместно. Нас еще больше озабачивает, что нено торые наши сотрудники замечают какую то элонамеренную черную руку, которая таинственно действует не только против наших интересов, против интересов Учреждений, но и против интересов самих бондхольдеров здания. При Вашей широкой осведомленности не найдете ли Вн возможным дать мисс Лихтманн какие либо намеки откуда может происте кать зложелательстно и какие именно воздействия и на какие круги могли бы справед ли помочь положению вещей. У Вас столько знакомих, Вы имеете и Ваних опытных Ад вонатов и может бить у Вас имеются именно те сведения, которые били би нам необикновенно цени. Нападение темних сил настолько определенно, что сейчас иже происходит суд для отстаивания наших прав, При этом, поразительно то, что элонамеренные оппоненти стараются опрокинуть и не принять во внимание их же собственное подписанное адвокатами соглашения. Таким образом виходит точно какая то определенная зл влобная рука хотела завлечь в невыгодную сделку. Не можете ли Вы или Ваш лигал ад вейзер выскацать свое мнение и ценний совет. Мисс Лихтманн знает все обстоятельства и мр ет иллюстрировать наждую фазу происходящего. Конечно, мн знаем что вся Америна нахолится нитпереживает кризис . Но это не значит чтобы страна стала преж де всего вредить и уничтожать Культурние начинания, кыторые за десятилетие дали неоспоримые блестящие результаты, что конечно Вы видели из нашего Декел Памолета. За ранее благодарим Вас за все Ваши добрие совети в которых Вы не откажите. У Еще раз спасибо Вам милую память о нас в присылке письма и шлем Вам и миссис Крэн и все наши сердечние приветствия.

Мы не можем допустить мнсли о том, чтобы страна так легко могла допускать разрушение Культурных Учреждений, успешное накопление которых получило уже столько высоких одобрений, а деятельность которых с высоким достоинством утвердила. Америнанский благ в целом ряде стран, визивая всеобщее сочувствие. Конечно зависть есть чувство по истине международное, но в делах Культуры, казалось бы оно менее всего пригодно. Мы опасаемся, что в данном случае имеет дело не с обычною завистью то же впечатление виносит один из наших адвонатов тому нам так сейчас важно нацупать откула могут идти эти черные злоумышления. Конечно несмотря на все трудности, ми будем стоять непоколебимо и боротьия пока. не найлем справедливость.

Потому Вас кан нашего друга еще раз просим отозваться сердечно и помочь советом. Надвемся что злоровьем миссис Кран хорошо и что все Ваши семейные обстоятельства радуют. - 1. Neither the Director-General nor any Telegraph Company or Foreign Government by whom the telegram is or would, in the ordinary course of the telegraphic service, be forwarded, shall be liable to make compensation for any loss, injury or damage arising or resulting from non-transmission, or non-derivery of the telegram, or delay, or error, or omission in the transmission or delivery thereof, through whatever cause such non-transmission, non-derivery, delay, error or omission shall have occurred.
 - 2. The rate is half that charged for ordinary Foreign telegrams.
- 3. Deferred Foreign telegrams are only transmitted after Foreign and Inland Private and Press telegrams. These which have not reashed their destination within a period of 24 hours from the time of handing in are transmitted in turn with telegrams charged for at the full rate.
- 4 Any telegram containing numbers, names or words without connected meaning and in general any telegram which does not in the opinion of the Telegraph Service bear upon the face of it an intelligible meaning is not admitted to the benefit of the reduced rate. Registered addresses are accepted in the text if it is clear from the contents that they are telegraphic addresses.
- If numbers written in letters or in figures, commercial marks or abbreviated expressions are employed, the number of such words and groups must not exceed one-third of the number of chargeable words in the text. As an exception in deferred telegrams originating in or addressed to China the text may be expressed wholly by means of groups of four figures taken from the official telegraph dictionary of the Chinase administration which shows opposite each group of figures the corresponding meaning in French.
- 5. Deferred Foreign telegrams must be written in French or in one of the languages of the country of origin or of destination which have been declared by the Administrations concerned to be admissible as plain language in invernational telegrams. In India, the languages authorised are English, French and Portuguese. According as the language employed is, (1) French, (2) a language of the country of origin, or (3) a language of the country of origin, or (3) a language of the country of destination, the supplementary insuraction, LCF., LCO., or LCD., as the case may be, should be inserted before the address. - 8. The sender must sign at the time of handing in a declaration to the effect that the text of the telegram is entirely in plain language and that it does not bear any meaning other than that which appears on the face of it, and must state the language used.
- 9. The Telegraph Administrations reserve the right to refuse at the reduced rate any telegram which, in their opinion, is not in accordance with the foregoing conditions.
- 10. If the sender of a Deferred Foreign telegram wishes to prepay a reply of a certain number of words at the Deferred rate, the number to be announced in the telegram must invariably be that at the full rate, e.g., if he wishes to prepay a reply of 6 words at the Deferred rate the indication in the telegram must be "R. P. 3" and the addressee will be able to send reply of either three words by the full rate service er six words by the half rate service. The indication "R. P. 3" will, however, be charged as one word at the half rate. It will not be possible for an odd number of words, such as, 5, 7, 9, 11, etc., to be prepaid at the Deferred rate, as the half of these numbers will bring in the fraction of \(\frac{1}{2}\) which cannot be notified in the Service Instructions. Replies at the Deferred rate can only be prepaid on an even number of words, such as 6, 8, 10, 12, etc.

MGIPAb .- 2200-6-12-29.

Dear, dear Friend,

It was so good to hear from you. Your kind letter touched me greatly. Our best remembrances of America are centred around your family and we cherish your friendship. Your appreciation of "Kinchenjunga" and "Tibetan Mother & Child" made us feel very happy - indeed Svetoslav made a great progress in his art and I am certain that in the near future he will be one of the foremost portrait painters.

Your little note about Russia is just what we felt is taking place there, but to hear it from you first hand and knowing your understanding of Russia makes it especially valuable. We heard that in August Russia will celebrate the 125th Anniversary of the Borodino Battle - this is very near to our heart as the hero of this battle - Field Marshall Golenistcheff-Kutuzoff, Prince of Smolensk, was my grand uncle, since my mother was Golenistcheff-Kutuzoff. Whenever a country begins to honour its great men, it is already on the path of quick recovery. I feel, rather I know, that all the world events will only help Russia's regeneration. A close cooperation between Russia and America will reestablish the lost balance of the world.

I have been deeply touched by your wish to have my portrait. The old one mentioned in your letter was bought by a banker in London,

but since then we never heard about it. However, I disliked that portrait. Some time ago my son started to paint two pendent portraits - one of N.K., the other of myself. The painting of my portrait has been interrupted because of my illness. Judging by the way it progressed it will be one of the most characteristic and colourful, and if you wish to have this, certainly I will be happy to know it to be in your possession.

It goes without saying, that all of us will be very happy, if you could visit us during your next trip to India.

Please write me about yourself and your family, also perhaps you could mention some details about whom you met in my country.

Heartiest greetings to Mrs Crane and yourself

affectionately yours

17-AUG-1938

Our dear Friend,

We were very happy to receive your cordial letter and to see from it that both your and Mrs Crane's health is well and that you intend to make another trip to the Near East. Who knows, perhaps you will even reach our remote mountains and needless to say how happy we would be to see you again. Also we were glad to learn that you liked the portrait of Nme Roerich by Svetoslav - indeed I consider it a fine piece of work - he has reached refined mastership. You write about the talent of your grand son - I would be very much interested to see some photos of his sketches and studies and of course I shall always be happy to give him my best advice. You mention that he often visited the R.Museum. Indeed it is unbelievable that one has to speak of this already in the past tense. Could one have guessed that the ill-will of a single person would annihilate a public institution which had existed for 15 years and which was so highly admired?! The late Dr. Harshe. Director of the Chicago Art Institute, during the receivership in 1932 said that any danger to the R.Museum would be a national calamity. And now a gangster and vandal attacks a public institution and by his criminal aggression

he insults not only the art, but also all donors, honorary advisors and coworkers, using ghastly methods of slander, defamation and even forgery. In literature one sometimes hears that there exist types of gangsters and vandals, but it is a shock to see such an individual in life, who for 15 years masqueraded as an admirer and feduciary in order to commit during my absence a monstrous breach of trust. The litigation is going on as one cannot permit such a vandalism to prevail.

You of course understand how all this reacts upon Mme Roerich's health. Her condition has weakened and we are an-.. xiously searching ways and means to take her to Europe to consult some heart specialist. - All of us are working hard. each one in his field and we can say that our activities in the Far East and Europe, in spite of the vandalism which is taking place in New York, continue to grow. Probably you have heard about the Baltic Congress of R. Societies and the inauguration of a special Hall in my name in the Russian Museum in Prague. I am sending you a copy of "Zelta Gramata", "Narodny Listy" and "Flamma" - the latter a new Quarterly, which may also interest your grandson. Georges has completed the first part of his large work on the history of Central Asia. -Svetoslav has already quite a number of canvasses ready for an exhibition of his art.

Thus as soon as we succeed to realize a certain sum from the sale of my or Svetoslav's paintings or even of our estate we shall be able to materialize our plans and above all to take Mme Roerich to some colder climate. - Of course you know how slowly India's art consciousness is anakening, yet last year the Travancore State acquired a few of my and Svetoslav's paintings for their State Museum.

Yes, we fully agree with your analysis of the Russian situation. Soon it will be the best country where to live. Yes, dear friend, we recall our meeting with you in Darjeeling and I am happy that my painting Kinchenjunga reminds you of the magnificent Himalayas. Guru Charaka, the famous Ayurvedist is mentioned over all the Himalayan slopes. Even now one can see how Besharies lead their caravans up to the summits to collect medical herbs and roots. I think I had sent you a copy of an article "The Glory of Ayurveda" but in case it did not reach you, I am sending you another herewith.

All news from you is always the greatest pleasure for us. Mme Roerich and we all are sending to you and Mrs Crane our heartiest greetings and wishes,

most cordially
in Spirit with you
