Mr. Nicholas Roerich,
310 Riverside Drive,
New York, N.Y.

Dear Friend and Brother:

Your good letter of September 6th has been received and is highly appreciated.

We are very glad indeed to know that you would like a full copy of "Teachings of the Temple" for the library of your Himalayan Research Institute and are more than glad to donate a copy of this book to the library and will also add three other books with our compliments, namely, "Occultism for Beginners", "Beacon Fires" and "The Coming Avatar", all for the library of the Himalayan Research Institute, if it is in accord with your judgment and you feel that these books are suitable. They are our own publications and are in demand.

We are reading and studying the book "Agni Yoga" three times a week at a meeting which we call our meditation meeting held in the Temple. After reading a paragraph or two there is a period of a few minutes' meditation. Our members find the book very interesting and full of life, light, and helpfulness generally.

We want to send you more of our own publications but have been waiting to hear from Mr. Fyscher for a list of what would seem most desirable. We shall probably get it from him before long and then we will send you more of our publications in accordance with his list, which you will receive with our compliments.

I note that you are sending all the books that you consider of interest to us, and we can dispose of them for review or for sale. We shall list them with the books of our Halcyon Book Concern and also review and comment on them in our magazine, "The Temple Artisan", and I am sure our readers and members will want many of them.

The undersigned responds in perfect accord with your splendid ideals on unity and the work that the Great Ones are engaged in at the present time to bring that about over the whole world, to the end that all the races of the earth shall be unified in one great family or brotherhood without distinction.

Thanking you heartily for your kindly wishes, which also includes my family and all of our co-workers of the Temple, I remain

Sincerely and fraternally yours,

WHD:EO
