Dear Sir,

The Polish Institute for Collaboration with Foreign Countries was very pleased to learn from the Polish-Italian Circle "Leonardo da Vinci" in Warsaw, that you are interested in the pacifistic tendencies of Poland.

We have much pleasure in enclosing herewith "Memorandum on the Realisation of the Moral Disarmament" submitted by the Minister of Foreign Affaires of the Republic of Poland to the Secretary General of the Society of Nations.

There will be shortly published in Polish, and later on in English, a work on the Polish pacifistic traditions; in this work will be bespoken the activity of Polish Pacifists commencing with the XVth century. As soon as this work will appear we shall not omit to let you have a copy. Will you kindly let us know, if any publications in Polish language could be of use to you?

We shall be very glad to enter into closer relations with you as the problem of the universal peace is also in the scope of our activity and we are always ready to put at your disposal any material we possess concerning all questions connected with Poland, which may be of interest to you.

Yours very truly  
THE POLISH INSTITUTE FOR COLLABORATION  
WITH FOREIGN COUNTRIES  
Office Director
