My dear Professor,

intere
1 Many thanks for your continued
in the Journal. I have received all your articles
pictures. The Govt. are still delaying our case.
Otherwise our inaugural number should have been
out long ago. There are some formalities to be
gone through yet. I'm afraid it will take at least
a month before we can hope to bring out the first
issue. I apologise for the delay which is unavoi-
-able. I'll be informing you of the developments
from time to time.

With Pranams,

Yours sincerely,

A.S. Raman
