George H. Brown
Assistant secretary

My dear and greatly admired Master,

I am indeed greatly honored, first by a letter from India, next by your call in person when you were last in Washington, and now by your perpetual presence in the form of a photograph. Be assured that it will be framed at once and join the company of personal --and may I say distinguished -- friends in the Carnegie Endowment.

With sincere expressions of esteem for this evidence of appreciation, I am.

Your very sincere

(Signed) James Brown Scott
