Most Honored Nicholas Constantinovitch,

We have all been infinitely moved by your attention towards the memory of the late Father Spassky. Sincerely and heartfully, I thank you in the name of all my family. Difficult as it is for us to comprehend that terrible misfortune, we feel confident that the lofty spirit of the dear one who has left us is always invisibly near, cares for us, and prays for us and for all those who loved him and whom he loved and valued. I would be very happy if most Honored Nicholas Constantinovitch you call on me when you visit Paris next.  
Once more I thank you for all.

Very sincerely
