Dear Mr. Roerich,

Having now returned to Paris from a motor voyage in Spain, I hasten to thank you for your letter of the 31st March last and for the copies of your Institute's Journal which you have had the kindness to forward to me at the same time.

According to your desire I shall not fail to transmit copies of the said publication to His Majesty the King, H.R.H. Prince Eugen and Dr. Key.

I shall be happy to see you here in Paris in the course of your next visit to France and to hear you speak about your latest interesting discoveries in the region of the Himalayas.

Thanking you once more for your kindness and courtesy in this connection, I beg you to believe me, Dear Mr. Roerich,

Yours sincerely
