My dear Harish,

Thank you and Sheila very much for your kind congratulations and good wishes on the occasion of my receiving the Calcutta Art Society's Award. I very much appreciate your good wishes.

We had a few very crowded and pleasant days at Calcutta. Cultural life is going on in spite of the other difficulties which as everyone sincerely believes could be easily settled if only a determined attitude was taken up by the proper quarters.

We send to you and to Sheila our warmest regards and every good wish,

Yours affectionately
