Dear Mr. Lansbury,

I was glad to have your letter of
July 4th which was forwarded on to me from Kulu.

No I have not heard so far about the
proposed Monograph on my Father but I think it is
a splendid idea. I will certainly send you a short
article which you may use in this publication.
It would be nice to have something by Mr. Conlan
perhaps some short resumé of his 'Master of the Mountains'.
It is significant that from all sides now there is
a great deal of interest in Father's Centenary.
The true light will shine ever brighter and the
unique position which Father occupied in the cultural
world and his own sublime achievements have seldom
been equalled in the known to us period of our history.

With kind regards,

Yours sincerely,

(SVETOSLAV ROERICH)

Dear Mr. Lansbury,

I am sending you my contribution to the Centenary publications of my Father. I am happy this book is coming out and I am sure in your able hands it will be a fine publication.

We expect a number of events here in India connected with Father's Centenary and I am sure you are aware of all the preparations being made in the Soviet Union.

We both send you our kind regards and every good wish. If there is anything else I can do in connection with the Centenary please write to me without hesitation.

Cordially yours,

(SVETOSLAV ROERICH)
