

Bombay, 8th July 48.

Dear.....

I was very happy to hear indirectly from Mr. Shklaver that you are well and active again after the years of war and occupation.

Mr. Shklaver has told us how you have very kindly safeguarded the work of our French Association and the paintings of my father as well as some of the things which belong to our association. I now understand that the paintings have been safely stored by you and I shall be very grateful to you if you would kindly let me know the storage charges which you have yourself paid for the storage of these paintings so that I may re-emberse you at the earliest possible date.

Since the passing of my father we have begun to re-organise all his work and it is needless to say how - grateful I feel for all your co-operation and help which you have always shown in the past. I feel more sure than ever that all the high ideals of my father will prevail beforelong and his call towards a cultural unity will again resound in the hearts of the numerous followers of his ideals.

As I shall be going abroad before long I hope to be in Paris in the not too distant future when I am looking to the great pleasure of paying my respects to you again.

We all send you our kindest regards and remembrances and hoping to hear from you soon,

I am, Yours cordially,

P.s.
