Dear Mr. Sørensen,

It was a pleasure to receive your letter and to read about all your many interesting impressions. Yes, indeed, to one with an open heart life holds many a joy unknown to the average man. Only by cultivating an open heart can we respond to the finer vibrations of life. And since there can be no other path, other than the path of spiritual development, we must always try in all our actions to correlate the promptings of our heart with our intellect. It is for this reason that the Agni Purana say: "The Highest Brahma resides in the Heart!"

Should you find yourself in our vicinity, we shall be glad to see you again and in the meanwhile - to the Viking pilgrim - Greetings!

Yours very sincerely,
