My Dear Amy,

Many Thanks for your letter, it was
a pleasure to read it;
But I do hope we meet and perhaps
in the not too distant future.
Life is so complex, every day presents
a new aspect.

However if we but follow the Golden
Rule & Hierarchy it will unlock
in due course all hitherto locked
doors.

By striving constantly we generate
the powerful current to guide
us through all abysses and narrow
lanes on to the Steaming Goal.

Write to me all that may be unclear
and I shall try to clear it up
for you.

Soon you shall have, I hope, the
new Teachings for your Circle.

In the meantime accept again
My Thanks and all best wishes
and thoughts & Greetings from
Yours always
Molly

My Dear Amy,

It has been mailed the pledge signed and then your letter arrived. Many thanks to you for both - your promise in regard to the teachings and the thought expressed in your letter.

Yes, when we meet ~~and~~ we can discuss many points and problems, in the meantime you shall receive the teachings regularly from now on, I hope. The delay was ~~because of~~ ^{due to} unaccountable circumstances. Mother was not well, but is better already and will soon write to you all, as signatories of the pledge. There is so much work to do out here every day; Sometimes it seems one never will get through. A new cycle begins on Oct. 6th. We must be ready to start and apply the maximum of our Energy to Spiritual Growth.

It has often been said that it is darkest before dawn, as well as it is the coldest. The same in Life.

If only people would realize the fact that this Life is but a School we cannot hope to make of it a pleasant place to live in

Every day by Thought & deed we determine our
future. By doing good in the right direction
we build our future happiness.

I hope to be a little more free soon and
then I hope to write to you more fully
on the Subject of Good. & its contribution
this much discussed and little understood
Principle.

The Life Spiritual is simple, yet hard
to follow. But once we know firmly the
principles we can face any situation
with confidence -

With all best wishes to you
and thanks

Yours Dr

My Dear Amy,

We all are sending you our best thoughts
 & wishes for Christmas & New Year -
 The year '36 was always pointed out as the
 year of great changes and sorrows. —
 Not here, rather than I hope can we find our
 happiness. Our only happiness here can be
 in the full realization that we are doing our
 duty. Every day in Every Way we must
 strive to do better and better. Let every
 thought, Every action of ours reflect that
 striving to do better. This is the quickest
 the surest Path of Ascent. This is the Path of
 Raja-Yoga in its true meaning.
 I am about to begin to ascend from where
 Life has placed him. His surroundings are
 his trials. Every hardship his best friend.
 The Law of Karma is very complicated and
 sometimes I shall try to explain some of
 its inner workings. And in the meantime
 let us strive into the Future and let us
 hope we meet soon.

With all my best wishes and

Love to you
 Yours &c
 Chaitanya

My Dear Amy,

It was a great pleasure to hear from you. I am glad you like the "Books so well" - yes, indeed spiritual development alone is the barometer of our true progress and it alone counts and survives. Constant striving to be better to do better, as it is mentioned everywhere and oft repeated but seldom followed. We have to ascend the "Ladder of Perfection" gradually, step by step so much can be missed. And from imperceptible to us thoughts and deeds will our future consist of. But how often men shove into the dim future and forget their everyday immediate duties. And that is the seeds of so many disappointments!

I am glad you will plant the seeds and hope they come up remember they need the sun. I will send you more of different kind as they come.

I close with all best wishes
and thoughts
yours. LQ
