My dear Muchu,

Devika has read to me your letter with your felicitations on the occasion of my receiving the Calcutta Art Society Award. Thank you ever so much.

Yes, we were sorry we missed you in India but as you say there was very little time at your disposal.

We have just come back from Calcutta and I must say we had a very delightful few days, too few to meet everybody we wanted to meet and see, but it was nice to see Calcutta again after a long time in spite of all the very unfortunate circumstances which prevail so unnecessarily. It is difficult to predict anything at the present moment, but one is always hopeful.

With every good wish to you,

Yours affectionately,

(SVETOSLAV)
