BANGALORE - 1.

26th June 1970.

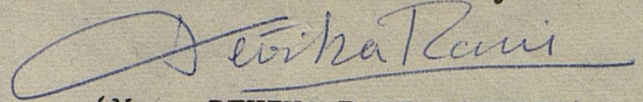

My dear Mrs. Shaposhnikova,

We were very happy to have your Post Card and to know that you are well and that you liked your stay at Bangalore. We hope that we shall have the pleasure of seeing you again before long and continue our interesting and useful conversations.

What will you be doing in Madras and how are your plans for Kerala maturing? While at Madras go to Adyar and read through Col. Olcott's Diaries, only read the first volume as it is really the most interesting one. Have you read "Five years of Theosophy", there are some interesting chapters in that book. These subjects are so vast they require long long years of research and study and there is never an end to it, but they make life infinitely richer, infinitely more satisfying and a happier experience. As a great Scholar had said almost 5 centuries ago - 'Happiness lies not in understanding but in living understandingly.'

Do write to us, we shall always be happy to have your letters. With our love,

Yours affectionately

(Mme. DEVIKA RANI ROERICH)

29th September 1975.

Our very dear Ludmila,

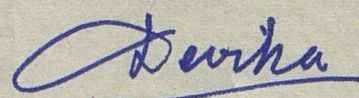

We were thrilled to know that Madam - Prime Minister gave you an interview and a message for your film. We sent her a telegram from here requesting her to please give you time and it is indeed most gracious of her to have done so. I do hope that you were able to take a good colour film of her while she was talking as this certainly would be a historic film. Please let me know how the interview went off.

I sent you a parcel containing some small gifts of Bangalore printed silk scarves and in that parcel was a photostat copy of Mrs. Fosdick's letter about Raya and how she met both the sisters, etc. There was also a small note from me. Later, the next day I sent you a letter attaching the notes of the Purohit with regard to what you wished addressed to you care of Mr. Oleg G. Ultsiferov, which was not registered so I hope that you have got it? It is necessary for me to know as I would not like it to get lost. I have typed copies which of course I can send you to Moscow but I prefer that this reached you also here.

We were very sorry to know that you did not get much help in Kulu - I can't understand what it was unless the old Deputy Commissioner had been transferred in which case a new man would be there and would know nothing about your visit but still, both Vishnu and the Manager of Birla Estate could have helped you. Anyway you are now able to have time and we do hope that you have been able to film Ladakh and in general have done what you wished. We sent you a telegram today, a copy of which was sent to you by separate post. Bless you for the good work you have done. May everything be well with you and may your work be crowned with success is our wish to you.

With our love to you and affectionate greetings to dear Valya. Come back again to Mother India.

Ever yours affectionately,

(DEVIKA)

My dearest Ludmila,

This in haste to send to you our loving greetings and to tell you that we miss you all. Svetoslav's 80th birthday was really a glorious success and it was wonderful to see how much he was loved and welcomed by his own people in his country. No one could have had a better birthday. Ofcourse he richly deserves success in everything and especially from his own people in his own country. You must know of the high Order he received from the President of the USSR the Order of "The Friendship of Nations"? He should have received this while we were in Moscow but we postponed two meetings because of Mrs. Gandhi's assasiantion. In Bulgaria he received the Knight of Madara a rare award given only to very eminent and distinguished persons by the President of Bulgaria and also the Commemorative medal of Bulgaria's 40 years of Freedom. I also received the Commemorative Medal. It was quite a rush trip as we had to go to Zurich. We caught the Plane to India from Geneva. The horrible assasination of Mrs. Gandhi cannot be forgotten and we all feel very bad about it. Her son seems to be doing well and has made a wonderful impression.

Karnataka, South India,

8th April 1985.

My dearest Ludmila,

I am sending you this small note of greetings from both of us which I hope it finds you well. We have just had Easter but there are no Mishkas and I miss that.

It is frightfully hot here but somehow we are surviving and working hard.

We hope to go to Delhi sometime in May which of course I look forward to. Our homecoming was very sad after Switzerland. We came back to India and it is lonely without our beloved friend Indira. Her son however is doing splendidly still, her presence is deeply missed.

We have had the pleasure of meeting Dr. Rybakov who has been staying a few days here and it was a pleasure to meet him and also he discussed with Svetoslav Nicholaevich so many things of interest. How is your health? Do

write to me and let me have your news.
I don't know whether we shall come to
Russia sometime in June as there is no
firm invitation as yet but it is likely
we go to Sofia as Svetoslav Nicholaevich
is the Chirman of the Ludmila Zhivkova
Peace Foundation. With lots of love to
you as always,

Дарина Любомира
