Dear Mr. Roerich,

I have been wanting to write to you for some time and I am so sorry that it has taken me this long.

I was eagerly looking forward to see more of you and your wife while I was in Delhi. I was expecting you there ~~an~~ afternoon also having sent a message with Mr. Venkatachalam, but I was so rushed that I could not find a suitable time when it would be convenient for you also to meet *me*.

I have just heard the good news that all your pictures have been bought up by the Central Government. Dr. Cousins tells me that your father has done some very beautiful paintings of THOSE whom we Theosophists call the MASTERS. Is there any chance of my acquiring these. One beautiful picture by him would be an inspiration for my life. Please let me know, and also whether the price would be too forbidding.

My warm regards and greetings to Sri Devika Rani, and with all best wishes to you

Yours sincerely,

Rukmini Devi
