Dear Mr. Roerich,

The news of the sudden death of Prof. Roerich in today's newspaper comes as a shock to us. Only few days ago you were talking about bringing him to Bombay and taking him to Europe for treatment, and the difficulties of travel.

It is indeed a sad reflection on our time that troubles of the nature of fratricide in our country should have been the cause of the disruption of traffic and an impediment to one who has strived throughout his life for the cause of peace.

Please accept heartfelt condolence to you and your family in this bereavement, from myself, Mr. Dami and my colleagues and co-workers in Nalanda.

Yours sincerely,

H B Bhatt.

Dear Mr. Roerich,

You must be very busy arranging the exhibition of the paintings of father. A very good review of the 'Himalayas' has appeared in 'The Hindu' by Mr. Cousins.

Mr. Gopalan has taken the two paintings from Mr. Dani and I hope you must have received them.

I have a letter from Mmes. Fosdick ordering 30 copies of the 'Himalayas'. This I am sending as per instruction. Today under separate post I have sent circulars of the 'Himalayas' which could be utilised in the exhibition. I am also sending a copy for Mr. Navikov, Ambassador Designate of U.S.S.R. with compliments of the publishers and from you. I hope you could suggest them to purchase some copies for the libraries and Museums in Russia. Prof. Roerich was ~~an~~ a member of the Academy and this being the last work to be published in his life time, they might be interested in it.

With kind regards to Mrs. Roerich,

Yours sincerely,

Dear Mr. Roerich,

Thank you so much for the introduction to Ven. K's work & the photographs. I was under the impression that I will get the photographs of the Himalayas & the Kulu Valley and not of the paintings of these subjects. We have already several blocks of further paintings we could use.

I am returning the photographs though would be much obliged if you could give photographs of the Himalayas & the
