Respected Sir, I donot know how to express my gratitude to you and mine for your kind sympathy and financial assistance for my treatment in the Nursing Home. I am grateful to God Almighty that He brought me in touch with you and madame. I pray to Him for your long life and prosperity.

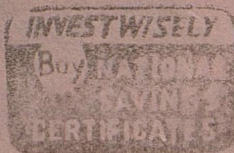

I was extremely delighted to have known about the decision of the Govt. of Mysore to honour you during the Dussera Festival. I must tell you by doing so they are honouring themselves.

I am back home and am improving. Please accept my best affectionate regards and kindly transmit the same to Madame. Shall be pleased to hear from you.
Yours affectionately
