Dear Triatoslaff

The picture of your beautiful
mother arrived while I was
in California and I did not
see it for months. I am glad to
possess it. Altho' I do not believe

anyone could make a painting of
our that I should consider adequate
I am equally certain that no one else
could make a painting so satisfactory.
I do hope she is comfortable altho'
sorry she is so far away that I cannot
see her. I believe you have an
excellent place of residence. Affectionate
messages to you all from John and me
