Dear Friends,

May be that the enclosed cutting will amuse - or even interest you. It appeared in the leading Swiss paper and I'll give you its translation - in case there is nobody at hand to do it over there.:

Chruschtschew's visit to India.

On Saturday, Prime Minister Ch. visited a FARM in Suratgarh which has been completely equipped with agricultural implements of Russian origin. He spent five hours on this Model Farm.

After his return to Delhi the Kreni Leader paid a visit to the Exhibition of the painter ROERICH who was born in the Soviet-Union. (!!!)  
He spoke of the Exhibits as of " good examples of creative art."

I am looking forward to hear from you about the success of the Exhibition. I hope that you had a happy time in Delhi, though surely very strenuous.

All is well with us. We send you our affectionate greetings,

yours

David Lewis F.
