December 20, 1947

Dear Mr. and Mrs. Roerich,

I have made three carbon copies of the manuscript and must apologise for the smudges on the carbons since I typed them out rather hurriedly. I was very happy to do this little task for you because some day perhaps we'll meet again and you'll remember me.

My husband and I wish to express our sympathy for you in your bereavement.

Sincerely yours,

*Doris Muehl*
