Dear Dr. Roerich,

It is over a fortnight ago since I had the pleasure of seeing Mrs. Roerich and you in Bangalore and I have so far felt that I am still partly with you since I have only just finished the last of your avocado pears.

Please accept my best thanks for the kindness shown to me by Mrs. Roerich and yourself during my visit.

I wonder if you would kindly send me a quantity, say, ten pounds of linaloe water from one of your stills in order that we may look into the possibility of finding a use for it.

I enclose a cutting from THE OBSERVER dated the 31st August which I am sure you will be interested to see.

Kindest regards.

Yours sincerely,

S.H. Turner.
