

To

Sri. Roerich,
Tatagunie Estate,
BANGALORE SOUTH

Respected Sir,

I, the undersigned respectfully draw the following for your very kind and sympathetic consideration with a fond hope that your goodself would come to the rescue for which we will be ever grateful.

Your goodself will be very well aware that the road leading from your Estate to Gadde Channanapalya Rachanamadu etc. . It would be of very great help to us if you were to kindly get the roads and drainages repaired on both sides of the road which would help the free movement of men and carts and cattle. If drainage is done only on one side, during rainy season it would be damaged and on the other hand if drainage is provided on both sides it would of very great help and benefit.

If you were to kindly pleased to permit the Department to effect P.W.D. it would be possible for us to get the Jelly work done when once the earthwork is effected by your goodself. In this behalf we have already informed you personally when you were pleased to hear us patiently, for which we are highly grateful.

Yours faithfully

Bangalore
17th August.61
