B. 2462
G. 4/100

Dear Mr. Roerich,

On return to Headquarters after a month's tour, I found that certain references relating to Strip-lighting Schemes in the Roerich room **at** the Sree Chitralayam were pending at the Workshops. I understand that you have kindly promised to give the necessary directions and designs for the wooden brackets and shield for the Strip-lights. I shall be obliged if you will kindly furnish these so that the work can be carried out at the Workshops

P.T.O.

and handed over to the Electrical
Department for necessary action.

With kind regards,

Yours sincerely,

Joh. W. Blakes
