My dear Svetoslav

Your telegram arrived here while I
was in B'key. My mother sent it
to me. I tried to contact you
at the Taj but was told that
you were out of skates and
would not return till the middle
of this week.

We would have been very happy to
accommodate Kamla and Baldorn at our
flat in B'key. But there is
every possibility of quite a few
people staying with us these
and share the family at the
time. I have sent a cable
to Baldorn suggesting him to
spend the 16th to the 17th in A'head
unless he has some special

work in B'ham. If he does this, it
would be a most convenient arrangement
for everyone concerned. I haven't heard
I heard from him and don't know
what he has decided to do

Please give my best greetings
to Deirdra.

With every good wish and
affectionate greetings

Ants
