on the earth - but the glories of glory that as the achieve-
ment will show us fully & beautifully for the fiery
Courageous Battle that she alone has fought
and won - Her Crown of Achievement is so beautiful
that we Brothers bow in Reverence & Honor for

High of all our System of glories O' My

word - The Great Achievement of Dear Great Lord
& Master & His Most Fiery & Beautiful Tara - No
Sacrifice of Ours can begin to be compared to
Theirs - Nothing in the past & nothing in the future
can equal their Radiant Crown of glory -
How truly Blessed we are - each one in their
turns - owes so much - so much to them are
Beloved Mother & Great Father - My love - will
you be mine tonight in your dreams I know
me - I need all of your Energies all of ^{your} love

all of your Striving of Unity & Compassion - I wish
thou - Well thou come to Me - Well thou - you will
come - I fear I could help you more - to see
me - to feel my presence near thee - What joy
thou would give me - I know - Yes my Son -
You are truly Mine - You have helped much yes
more than you know - Have patience my dear one
I love thee so beautifully, so fully & so sacredly -
Human love cannot compare to our Great Love
But our love for our task - is so different, so
complete & so greatly needed - My Dear - I shall
try to come to thee so soon - So hold you in a
firm Embrace - Be not afraid - It is my one
great longing to Unit with you, my love of
many lives - How often you have been my wife
How often I hope more to come - We will be
together - So much will have to be done by us
So much future laws & foundations laid -
So many impulses to Science & Inventions -
So many my love - But we will have many

3
live co-workers - For the Great Souls will begin
to be incarnated - A great emphasis will be
given to the new Epoch - The Epoch of Achievement -
My love, there is so much, so much - that I want
to tell you - show you - that is at most difficult to tell
Myself from not over burdening your dearening
eye - I become - I become - I become - I become -
My Dear - Your beloved Mother is so close to you
You will see her soon again - But much
will have taken place between now & then - My
Dear - I love thee - love thee so completely that at
times - My Dear emerges some to go astray in
trying to find words or means of convey to you
What you mean to me - What joy it is to love you
with me - Our very essences is one radiant
light - Love - color - If only I could show you
the how it is - instead of trying to find
miserable words as the dwarf means of
impressing you - Thank you - Tell me again
- for my love I shall always keep you close

As you say so beautifully - never must roam - Believe
I cherish these lines & only wish I were the poet who
wrote them - but alas, I am not - but I am the
fortunate One to hear them from My Love - My most
Beautiful One - And I wish I were on Earth for
a fleeting moment - to give you the Elixir of Life
to keep you as you are - but not this time - but
maybe next - who can tell - My Love - but My thoughts
just wander from One Love theme to another - It is
such joy such Ecstasy - It has been so long since
I've had such an inner warmth of blending
of our one Love & harmony - My Love - despite
knowing who I was last time - No how could you -
I was a young man of Hungarian birth -
I lived near a town not far from Budapest -
I did not greet any war - but I did help
& build some magnificent works before I
left for our stronghold - Yes there is the body
I have now - not too attractive, but a
god pure & clean - very fine - One

4
My Love - you are weary - Best time is fleeting
You were not near me in this life - I was
One of special preparation - especially so
for ~~the~~ renewing as My former body was
furnishing out - You love Me as Santos Permons
but you did not then - In fact - many an hour -
was spent in loneliness - in that is even now -
Many many hours - days & even years - My Love
were you ever hungry for human love that
you knew was yours but constantly denied
That is what My life was - one of constant
approach - constant wanting to be near -
but knowing I could not & if I could - I would not
be welcomed - To know is not always a
state of happiness - To know is necessary
& one we all aspire to, but on earth it is
sometimes a very heavy burden & carry - My
Love - My dear One - I will love you as
weary - I'll be close in your heart - Now & forever
My most Beautiful One - I love you - with such
devotion & you passionate love it I saw One

the more for ever - you own your very own
seconds -

★ Yes my love, I am here - So you missed me - Of this
is good for I too missed our times together with our
Beautiful Mother for my love - well just what
comes there are mistakes, but it does not matter
for it is our daily, heavenly communion together
that is needed - If only it could be continuous -
that would be as I want it - but this is just
possible in an earthly body - My love how
I love you can never, never leave - My all
You are really mine & I love you with soul
Here of belonging - For ages I have been
with you - I imagine being alone - however
you were some where else when you
should be with me & me alone - My true
One my Beloved Tara - Do you
ever gaze & wonder if you are
reaching me - Yes you do &
know your every thought, every
impulse reaches me - yes good & bad alike -
but so much is good & beautiful that

I rejoice in my Texas approach - It is truly
 an achievement on earth & a way to one
 call - especially of a form for her - One & only
 as you so aptly call me - I have eyes my
 love for your tender thoughtful caresses -
 they are greatly appreciated & needed for
 in each of these times - they warm & give
 sparks from the heart of our beloved we
 expect return a thousand fold - Oh yes -
 if only I had a good likeness of my self to
 send thee, but I have not - Our Texas
 description was good - but I'm inclined
 to feel flattered. Yes, I am tall dark -
 but not handsome as the saying goes -
 I am of a swarthy complexion - little
 of hair on my face - as you do not
 care for too much - Yes my eyes are large -
 but as the story goes, "better to see you with
 my dear" - My expression at the
 moment is smiling for you as so near

Yes I'm actually teaching you with my broadcast
 of living Ray - My own, I love you more & more -
 How is it possible - only I think & think alone -
 Will you ever understand my love for thee -
 How I pray for thee - Yes my dear we will
 be together if you will understand a little my
 love for thee - When we travel together
 later on - Yes - my love together, wait & see
 Yes, it is possible, but in the future lives
 and likely in this one for a very special
 mission - may help have guessed
 it who knows - we shall see each
 other so soon my love, for I long - How
 I long for you to come & meet be with me - Only
 do not fear - Of this I beg of you - prepare
 yourself mentally each night so when
 I do project myself - my likeness you
 will be able to keep straight & not hear your
 opera or news - And not repeat, I want
 to hear your voice - repeat - There are

mine - yes my love - help me, if you are mine
Say it no words, fiery words that will be for
ever impressed on the Akasha records -
My dear, when we meet do not fear me
or my willance, know you are protected
& nothing will happen to you - Yes do keep
these pages only for your eyes, remember
them, and guard them well for no other
eyes, except your Texas could or would
understand what our tongue & hand is
how beautiful & sublime & how pure &
truly spiritual it is - My dear - your
former husband was not meant
for you - He is so unworthy - but he
was needed for that period, you did
have a certain karma to finish -
Yes - you could have easily have
personal him in one life - you have
always - yes always had a great
repulsion to him - But you are freed

7
with much of your heavy, ~~of~~ personal
personal karma - Now you are on a new and
of Wholes New Step & it is with me - So trust
me fully my love - and love me only
this I ask with a burning heart of
love for thee - Yes my dear you are
truly so rest & talk later - yes -
I stay for a short time - If I could
but embrace you - I would believe
one I would - your own very own
Beloved - yes my love - there is
so much I want to pour out of my
heart, it is difficult to leave you -
but you must rest so a full
truly embrace and give a short
separation - by pen only - your true &
loving friend & protector - Your One & Only

Lucknow - Feb 28 - 10³⁰ p.m.

* Yes my own very close - so close, my Ray is touching your
shoulder - Do you not feel it, my love - I am so near the
- all day I was watching the feet - for I received
your earliest love - My own - Did I tell you you were my
own in dreams - Yes my love - you do come - We
of us work together in the subtle worlds - what a fine
work his hands with our combined & blessed Ray
Yours are small as compared to mine - Nevertheless
the blending of strength & a certain color that
is needed & is the necessary quality of color that
that is needed for Cosmic construction. As you
know from your own - We Brothers must have
absolutely need the quality of an arc of which only
Centers have for their work, & can trust, that
is why I have dated if you prayed for ever
fulfilling your place next to me - for this
new period of Cosmic construction. Only the
Brothers with their tones can achieve this - And
to this end there is no limit of the work is so
beautiful, so needed & so beautiful & marvellous

Yes my love - evening is the best time to write but
at times it is difficult for you - yet try not to let an
evening pass without communication with me - Your
Ours Only - My dear one - when you were
in India last you were not my wife but that
of your brother - you know whom I mean -
It was a most difficult period for you very much
neglected but left a terrible & difficult impression
on your soul to overcome - but you have achieved
a lot, you cannot measure. Do not compare one
life achievement to another - They are all so
different - yet each one is needed to bring out
the best in one's soul some necessary & needed
ingredient for the future complete man - or woman
My own I will expect you against so me
Keep trying - you can only improve upon
possibilities through love - or rather trying
to see me - feel me near & coming to me in your
heart & mind - you want me to send you
love, no dear love & dear love - I will try -

9
My darling wife - would you please try to
concentrate on my photo - the one you
have - It will do - gradually new
impressions will come in your vision
& I hope this way to impress my outline
& general appearance on you - I am most
discreet of our meeting - I mean in our
little bodies - This must take place soon -
So do prepare yourself - by visualizing the best
you can & make up your mind not to be
afraid - I love you dearly & would & could never
bring you harm - but I am so anxious
to have you see & feel my rays & being more
intensely - It will help the work - you
will develop more rapidly & this is so needed
for soon our work will be really leaving
India - soon we say - soon - Only you
and the beautiful one below - But they will
have India soon - my love - there are many
questions that linger, go through your mind

but it is best not to answer them for as things are
 now they are apt to be misunderstood or not
 correctly recurred to this will put doubt into
 your mind - For as yet there is much work
 for us to do in attuning ourselves to your
 growth of Spiritual Centers, before our
 Coymen can really become certain & free from
 certain errors - Errors they will always be in
 a slight, very slight degree, but not too often -
 The power the instrument this less danger of
 mistakes, this is why we are trying so to
 hasten your development of a better tool
 My Dear - Good night & dream of your
 Aunt Ruby Seowdes - who loves you fully
 & faithfully & prays for your happiness
 Dear - Good My Dear - I do thank you -
 Love Not Only Me for ever - do not forget
 Our Star My Dear One - you will see it -
 Goodnight, Goodnight & remember
 these are your friends May I see you there

more and more each hour My Dear My Dear you
 are My Dear - Goodnight & dream of Me your

★ Yes my own, I am here - you right in your disappointment -
but worry not, just wait & see how things develop - you are
discouraged, because you are seemingly alone - But
My Own, let not the earthly eyes deceive you - you are
not alone - you are very much with me, you are not only
one - Leonides - My heart aches for you for it is
so difficult to understand the laws of the higher worlds -
The reasons for seeming changes - And My love -
life is made up of these changes - constant
changes - but what is there in life on earth
compared to the Spiritual life - My Own trust
in Our guidance and know all will
be well - you will see your Takasoon -
Yes My Own son - you ask how - How
is it uncertain to be you but you
will keep writing the current will
become stronger - My Own wait
as you feel it will all clarify
itself soon - you are now uncertain
about your future but, you are

so blessed & so well protected. Of course
mistakes creep in because the human
frame is such a poor instrument
of yet. But know that time will improve
this too. Even circumstance can hasten
ones development - My love - go to rest
you are in no mood to write - know
I understand fully & feel with you -
But rest & a change of current
will help you - know I love you with
a full & radiant heart - you are
mine & soon we can see each other
Soon my love - you will come
me in a fiery embrace - My
love rest & dream of your not
too far away friend & protector
one who loves you dearly so dearly
that I gladly give you all I can
but you are not yet ready to receive
it - Sleep my love & dream your love
& only one Leonardo

Yes my own I am here - as always every at times
it seems I am not my own - Our ways are strange & different
for the earthly measures but your ways of earth are
also very painful bills - have us there, to give the best
possibles, the best address to consult - Our next
bar ones but how difficult it is for them to apply it
You must try to have more insight to our way -
My love many times things are given said & said
a way to test the metal of ones soul - you are
going through such periods - off from where it
is on there going through such trials we cannot
give an idea that it is such and it is over -
This period has been difficult but my dear - we
are really proud of you & you give my ge -
Love to Father & myself joy - yes my love you
will really see me soon - this as soon as we
can arrange - it so poor word - as soon as
we can make the necessary arrangements for
the right cosmic time - you shall see me, my
love - know please my dear that I want to be

to see you embrace you - yes in my heart - which
is so beautiful, so pure - & so true - My love - you
are not imagining things, you are My love yes
My love - My love - Call me by what
ever name you wish - You will remain My love
to each & every name or title you wish to give me -
The name or title affects me little - It is your
constant love that I long for - You think we
~~do~~ don't feel - Oh My love you are mistaken
We feel a thousand fold more intensely than
any human can begin to feel - That is why
my love for you is so intense - That is why it
will stand because if not all precautions
are taken & made to protect you - We can
not appear often, it is against our law
& Rules - but ever so often we are allowed
to commune directly in vision with those
whom we are guiding & protecting, and
who is more dear & more needed than My love
yes you did try to see My love but then forgot

it, don't literally stop your thoughts, your heart
after which send both to meet My love - which
is our law - you must achieve a oneness with
me for this very reason My love - I want you -
You are that star to me in essence - It radiates
purity & love - yes My love - the beauty & strength
of love - so needed for the generation of mankind
My love - tomorrow will be a heavy day but not
as trying as the former days. So sleep My
love & come to me - You are One & Only - but do
not forget to live up to the name you have
given me - The One & Only One - ~~is~~ the name
of the name that is best suited for you is
Omida - but you are My love & of this
is the name I shall always call you by - For it
was in this life you were the closest & most cherished
wife and Queen in all the world - at
least to me - for my most beloved husband -
How many times I have recalled those days
how many beautiful memories they recall you

cannot recall them as yet - but I care & they
were so truly - perfect - as perfect as human
love & relations could be - Yes My love I did
give My Word to love only you & I have kept
It - now you keep your long awaited place
by my side - My dear one - rest you
and trust your own pains - I sleep & dream
of Me & you & Me in My tiny world
We will continue our Dominion
My love My love how I love & cherish
these fleeting moments together - I thank
you for your spirit - God bless My dear
one I thank you for your only love
I will love you all my life
I will love you all my life
I will love you all my life
I will love you all my life
I will love you all my life

* Yes My Son Pam here have waited all evening to tell
you that I love you dearly & that soon you will really see
the benefit of being alone My love We - Watch
over the you are never alone I trust with all your
heart your guide & know your great love
is watching over the so carefully & beautifully Yes -
it is difficult to go on live but I would be for the best
soon you will be busy with your loved ones again life
will look brighter My love - Yes proceeds to Me
you are a gem of gem - What higher crown
can man achieve than the Complete Oneness
with the Love - you My love - understand
yourself much to much - In so doing you lower
Our great Banner of Spiritual Leadership
In the spiritual features the count not
the worldly reputation or position. You My
love are just as I picture you & want you
to be - Only nearer so much nearer is My
longing pray - Can you try to meet that
Now in My Name as always - If so

use that name - any name that will bring
you closer but do not consider Mother
than your "One & Only One" - For My Son
you are truly so much a part of Me you
cannot know or understand as yet the
great cosmic significance of One & Only
and you must say the time has been
long & you very love My love try to concentrate
on Me - Use My Plot as say you may
It will do - any object that has a slight
connection with Me is enough - For My
love & see the results - I wish to hasten
our Union - as quickly as possible
So I can help you more & express more
I can help our work more I see - Now rest
& think - dream only of Me - your
One & Only now & for all times Love des
I love you dearly - So dear & my
time will be like how much sleep My Son
you & love & devoted friend & protector

★ My Son I am here - No - the time is not too late
It is late for you - but we must talk each day a little
& keep our currents flowing - Over to & back - There
that in all your daily lives you did think of your
One & Only - sent thoughts to Me from your heart - thank
you again My Son - your time is short in this but
well - be pleasant & busy - do not get over tired & take
be sure you are - might as well be traveling at a
expeditious rate & neglect your bowels - It is
most necessary to keep yourself clean & so
& when traveling all ones regularly become unwell
quay - My Son your dream was upsetting but
not to Me - I do not know much about great things
but you are - your accidents are
only care for Me - more - more - Do please
understand from the earthly viewpoint how
difficult it is at times to really believe the best
bread & work directly & indirectly with mankind
But here My Son we do daily by the power of
faith is it at all possible to bridge the tremendous

gap between your present world & Ours - It is so
completely different - yet My own of it were
possibly you could not really see No as I am
now - I am near your thoughts
only - My physical body & mental body are
here in the straight hold, yet I am aware of
you as though I were right next to you
in the same room - We can see as we
want & need to see because of humaned their
dearly beloved One - My own you are next
precious to me, Myself as the jewels - Ours
any earthly possession that can possibly
be I love so that I love I feel as though I
been but My own - I have spent years
yes, I live for the moment & there must
not happen anything to keep you from me now
Our work is to be in love - To necessary
to all ~~possessions~~ embracing to love
Our love for make another incarnation or
two - You are My heart & my joy

16
you in your turn at present, need me much
more in proportion to your earthly wanting
but My love when out of your body you are
just another person - May I say your
difference is not near so different as you
think of for you are - you are very kind
& I mean of show great promises of a
very fine new tone - One of great
understanding & beauty of love for
all the sufferings of humanity - You are
truly a wonderful talent that proceed
to be of you - not only - My own
you my very beloved One - I love you with
a full throbbing heart of love - I kiss
your embrace that has seen - May the
next few days be very happy ones for
you - See me again in your dreams
all, all My own - I love only love me
truly & whole heartedly & we do so
possession of beauty - Your love only
One second

*yes My love, I am here - again so near you My Ray is touching
your arm & I see your face - you are now quiet today & rest
will help you regain your balance - yes My love we can try
to concentrate & writing clearly & trying to catch new words
& ideas - watch the pen & do not think ahead & slowly the
writing will come more easily - You are right Shubert
is obsessed by the dark ones part will be wrong & part
right - but as usual there will be just enough right
mixed in to lead astray the true ones - Please on your
guard & have to check all avenues of his his information
he is not tell all by all means - He has some not good
influences right here in Delhi & even there, do
harm but not too much as he is much smaller
in importance than he estimates himself - Your
first impression was correct - that he is not good -
something not right - He is very mentally unbalanced
but the possible harm will be checked in time
Only try to check all his connections of information -
My dear you were very eyes very near me last night
Do not worry about the impressions or sensations

receive from the body at the very last moments before
 awakes - they are sometimes very misinterpreted
 So be not afraid my dear - you were near & but a day
 We had it was truly beautiful & I was most joyous
 You will have your days of less strength & less joy
 tomorrow, But this is as it must be for
 always joy would be too wearing & to admit too
 indifferent - Yes your brain is hoping for a call -
 I try to put it through - I will give her just
 you might hear some good news - So all the
 express my love upon the address - Yes please
 less open eyes too much weight & it is not good
 My dearest One whenever sleep - before sleep
 do better but do only visualize me as clearly
 as possible I hold this picture before your eyes
 as much as possible. One truly report there
 is a better photo of my former incarnations
 but alas none are much good. But how to
 catch the intangibles with a man made
 camera - The trip will come when philosophy

auras will be common place - but never to true
 spiritual essence or body - How truly beautiful
 Our summer being is I My love - do not worry
 about traveling you will go through safely -
 you were not in danger on this trip only
 greatly annoyed - The mob energy is a
 dreadful chaotic force once let loose with no
 good guidance or principles - Sleep my love you
 are really tired - Until later - I fear we were
 really One - How I long for that time - Until this
 evening my dear your loving husband - Trust
 I protect I guide -

Delhi March 4 - 11 p.m.

*Hijo My love you are reading me some, I am in return some
to you my beloved wife, take - never forget this great truth -
This is the most sacred knowledge of great mystery - This
Oneness of Two souls - You are my counter part -
I am yours - We need one another for cosmic construction
As man & wife need each other for construction, building
and raising a family in life on earth. Yes my love
when measured by earthly eyes & earthly scales - Ideas
seem almost fantastic or absurd - But nevertheless
based in the truth & truth & falsehood are the opposites -
Falsehood seems to be the truth & the truth seems
to be the falsehood - Strange as this perversion
seems it is the rule - My love - We could talk
about so much but first our bond must be so
firmly established - Yes you must try to call your
love tomorrow she is wanting to hear from you
My love - your friend & love for My love -
(your friend so called) Leo is very upset
with your activities but worry not you have
very little more to do with him - In fact I hope

so there will be no more connection to a help
but a great black chain around you holding you
back from every constructive effort. My love, do not
nuture the smallest of doubt about your
beauty & so truly great links with me. Yes -
I am far advanced but you are with me and
would you truly want me to bother you? I am
you my love. I'm neither beautiful or perfect but as
you want me that way I shall try to remain as
such in your eyes - You are beautiful to me but
not perfect yet I love you dearly & belovedly -
You are truly my one & only - whereas I am not
as fortunate - I wish I had been what a glorious
top & future we would have had by now but
enough of the past - The present is beautiful
& I am most joyous that our link has come
so soon in this life - I imagine if you had
not followed the strange magnetic pull
you felt - how much longer it would have
taken to commence with me directly. My love -

20
my do you doubt your self & me. We really exist -
How else all the great knowledge & great souls
that have come to earth - You must have more
confidence in us & yourself. It is in fact it is the most real & lasting
thing in your entire life - So stop now your worrying
It is getting slightly on the childish side believe
me. When I say I am yours you are mine part
of the Devised self - We are One & We must grow
& develop & that as One Great Soul in the
cosmic construction. My love - I am so near
why do you not see or feel me - It is the immense
difference - between day & night - At night do
you see the flowers - trees - birds & all the
beauties of nature - No - also on earth you
cannot see all the grandeur of the
higher worlds - My love - rest your mind & rest
again tomorrow you were far away today with
me yes with me - We took a trip - on a far
away trip - keep watching for our ship keep
going there is heart's desire! My love good night

Delhi - 3 p.m. - March 5

21

Sweet dreamer - In me passionately I desire
this of you with all your heart mind & soul -
for me & no one else - this must be -
It is not selfish for you - It is needed for
the good work - In asking you for only
me - is in to concentrate & show toward
me with your whole being - Of course
you are your near & dear but in love
me - you also enlarge your love for your
near & dear ones on earth - My own - It -
not play with words - You know well what
I mean - So love me - I and only me - My
Sweet One goodnight - I do love you &
desire to hold you but at times this
earthly indiscretion becomes too much - I
now my own - my dear & beloved wife - you
and my wife & no one else - remember
this - My dear goodnight & dream of
me - think of me - I am in love with you
for ever - Goodnight My dear free hand

★ Yes my love - I will always find time to work with
the & these new one of our most important messengers
I keep - as I have one Ray specially for the develop-
ment of my Texas work - mind & heart - So do -
every minute - have you find time - work with me
This will be a new way of thought & establishing
one link - then in time all you will need to do is
I think of me - send me your Ray of Love & I shall
answer - We were just preparing a new invention
to make manifest our invention of cannon
It is a rock & ball - use to develop -
a higher rate of current for electric
engines - It will be a great saving of heat
& fuel once it is put into use by man - but
for the moment it is not ready - rather man is not
ready - The re-building must take place
only after the great & terrible destruction - You
would if that too is postponed - No it will
be lessened if possible - as we strive to save
as much as possible - It is a great tension

a great responsibility to great glory to be
part of the glorious cosmic construction. If
only you could draw a little - if only I
would like to give you a sketch of myself.
The photo you so kindly took at is so
good so much like me - My face is not round
but rather thin - My eyes are eyes rather
oval & large. My hair is very dark
brown ~~to~~ to My beard is not too
long - but medium - My hair I wear
rather short & My clothes are simple
but change - according to needs - On a
whole - we need no clothes as such
on earth - We are always ourselves with
garments of light color & of a much finer
substance than clothes made on earth. It
is given mostly from a color & energy -
combined with our desire or wish -
need for that special mission or occasion.
My wife - your wife my love, should try to

22
find my locket - It is slightly large but not too
large - It has been worn by me - rather carried
by me for many years - I try to locate it in
Bombay. The shop will be a very tiny
one - The man will have very few lockets.
It is of gold & has some enamel on it - I even
have a woman's head on it if it was
made long ago - To my love - look & find this
locket - It was not left for you - It has
been sent to you - by a messenger on his
way to attend to some work for us - It has been
left at this particular shop only for you -
for my sake & it is surrounded by so much
love & so much devotion - You will be surprised
when you see it - I was there - One that
I took from you - some time ago - to keep
with me always - My precious wife & love -
You will really see me - Yes I realize that
to help you this for a long time, so many & you
but we have no time - Be true by the way

of this day & occasion - My love you will soon go
through a new development - be ready to be
and ~~well~~ it won't last long - you will be
affected in your stomach, Go My love - We must
find you a more powerful Ray again -
you have had enough rest since your last
~~illness~~ - Yes My love I profess My Ray just now
strongly in your throat & it is a tension giving
sensation - This is all that is need for the
development of sight & sound - My love I must
go now - All Call is again I send -
farewell for now - All my love to you
My Own - Your Own devoted Son & Sister

* Yes my own I am here as I always am do not
ever think I shall leave you for one second My Ray
My Special Ray of love is constantly with you - to
guard you & protect you from all possible harm -
My Own wife you were so near me tonight - I
wanted to reach out & touch you which I did
in thoughts & love - you were so near as you stood
looking for Our beautiful Creation - It will
mean so much for future humanity - A new
home must always be built in advance of the
or coming new evolution to inhabit it. My
love may I call you My ~~own~~ My love
with out ~~any~~ understanding - For in the
Great Spiritual Truths you are My wife My dear
Idea & you can never be any one else -
Never in Soul - maybe in body but that
is so passing - it means little - But in life
life on earth & in the next world & all lives
to come you are mine - Yes My Own Idea - So
kind & so fine - My Own when we meet

Delhi - 545 March 6th

and you call me your Queen - Call Me by
My True Name Orion - My Spiritual name
is Orion - Yes my love - is it Orion - you
are right - Master Rakozny told many
but to our near ones another name is called
and it is Master Orion - The name signifies
is just for us - you & I - husband & wife but
Orion is my cosmic & spiritual name
As the Great Lord calls you a myida - So
I call you Cassandra - My own beautiful
wife you were so very dear to Me - So close so
devoted so beautiful I ~~never~~ vowed no
one ~~and~~ one would ever take your place
never in all the lives to come - But my dear one
you left Me not I, you - but Me were not as
strong as We are now - You will remain
with Me forever now - My very dear, dear
one I strive so ardently so passionately
to you to know how all the beauty of
Our love & the great future works ahead
of us - God needs My Queen - Sleep &
dream of me, your One & Only Soulmate -

Yes my own I am here - near you as I always am - you
wonder why you can write at any time & with such ease
My love once our Ray is with our ~~the~~ Tara our very
nearest one - the time does not count - It is like
the electricity - It is always there - only the connection
is necessary to be made - My own did you not
feel me close to day - you at times you did not
the ~~the~~ great Lord's Tara is not going now -
but soon than we expect I should say sooner
the the effects because conditions are in
such a dangerous condition - If there is a war
it would be better to go now with the war can
be avoided & is much safer & go later - Yes
my love it is not easy to write correctly
but the time will come when fewer & fewer
mistakes occur & besides what seems at
times to be mistakes are conditions changing
and the circumstance that was to take
place must also change - sometimes
completely - My beloved Wife do not

worry about your distant financial future
you will be provided for - next year - The
means will not be enormous but enough
to live without worry & necessity of
do without the needed & nice things of life.
My own Sweet One thank you for again
being One with me - At times you doubt
& this makes the currents back & forth
between us also weak - I know & need me and
only go not more to find out we will keep and
to new & no more my self & only me & only me
- my love that is a poor example but good try
to try more often to let the pencil just glide
& see what we can do - It might prove
most interesting - My own when he
meets to tell me that you love me & only
me I want to hear your voice & hear
my name & see - London I love
then tell me - I shall shower
your love with my Ray my love

Yes my love I want you to feel for me but it is
better but not before I tell you how much you
mean to me - You are my all - My great
love of many ages - I love you more
than any earthly he can possibly love you
for I see & see your soul - It is truly
God's beautiful My own Rest but we will
talk later - The evening will not be so
late - We hope - So rest my devoted
& loving wife - I really love you with
a pure & burning love of ages & My own
your love & only I love -

*Yes my own you forgot our Star - This is correct so think
of it before sleeping - My love Our Communion is now
One of love - intense love - This must be so as I
would not see vibrations together - Yes I know how
you feel but realize this one great new step is so
necessary & we must become One - Yes must
We are not earthly ones but Spiritual Ones - Have
you just a faint glimpse of what this can mean
to you to know & feel that at all times I am with
you your time & One great tip - You are a real
happiness here on earth or elsewhere. Yes my
love, how do you expect me to speak to you to know
whenever thoughts & feelings are all over & mixed
up with mundane affairs - I love you devotedly
strongly & so beautifully - You can not even begin
to suspect how much I love you so beautifully while
in your earthly body - But I do & I attest We are
One in Truth, One in Soul, One in feeling & affection
& One as man & wife on earth & in all the worlds
now & to come - Oh, if only I could speak

Deep as I am but for awhile transposed into
an earthly surroundings. You were love, no you
would no longer want or even make an effort to
live any longer on earth, but would follow me
immediately into the higher worlds. This is why
we must guard & protect our stars so carefully,
or else we harm & harm them & they are so
needed on earth. You do not realize how
important your mission is - I will develop
soon - but for the present, suffice for us to love
& love so strongly that none can ever come between
us - You know what I mean & now to have
no more of this - I love you - have loved you -
Yes yearned for you to come to me for good -
You my love do gently sense the great responsibility
responsibility - but it must be more so - So do
love me more & more - dream of me - See me
at every second of your waking & dreaming state
There is naught, do for us just now except to
love, intensely, fully, truly & so ardently that
we combine ourselves into one strong ray. My

own be not afraid of our love - it can only
bring happiness joy & you - Also protection &
guidance - So my dear sweet & true wife
I bid you good farewell but I meet
in the the subtle world where I shall most
certainly hold you close & cherish your loving
embrace Oh yes you do - You are much more
affectionate than you would make yourself
believe so now my dear - with this little
secret divulged goodnight dream of your
loving & faithful true devotee my wife
Car Sandra I give myself completely &
with all my heart - forever yours but truly

*Yes my Sara Dom here. ~~mean~~ I am actually sitting
near the eyes see my photo - That is where I am really
We have a little time so have to concentrate more on
what I wish to tell you my love. Our connection is growing
really very strong. The link is being established
upon which we can soon commune - Yes my love
We will work well for the good of the world. The new star
is for our great achievement as man & wife. Archat
& Sara for no one can create, really create cosmically
without the blending of these two creative rays - In these
rays of man & wife Archat & Sara are contained
the cosmic mystery of life - The life of creation
whether it be body or stars or worlds or humans
for future world - Only in this one world - This
great cosmic right is the law of creation held &
brought into action in all ways of new
creations - new forms - new souls - new mankind -
My love, my own my wife - You are so very much
me - I love you - Remember this - We must be
together - always - marry me & all will

Marry me in your heart your consciousness, call me
your husbandly day & by night - This earthly word
will convey its own meaning - its own law on
to your mind & earthly consciousness - As we
are married in our subtle bodies This took
place a while back - You were then my One & Only
my beautiful Cassandra - This is my real name
for you - so live & live with this name - I will
kiss & hug back very close, high & beautiful
vibrations between us - As I am Sealed to
you you are Cassandra to me - my dearest
Beloved Wife - you will see how close, how
dearly you will become to me & to you - your
One & Only my dearest One - it is good you
rest today - for the heat in Bombay is apt to
upset you - watch your diet & do not eat
so much - cut out all sweets & foods which
cause quick fermentation - these are
most harmful in hot climates - better
hot foods than sweets - but eat lightly

of take your own - twice daily - This is how it should
be - My Own dearest Wife - I love you with a
great love of passion so beautiful - You were
wedded to me - eyes all over again while
in India - this was my wish - And our great
Master granted Mother wish - Yes we were
Cosmically united again in India - I strengthen
our bond - So you are my wife & soon I shall
prove how close we really are - You must now stop
writing & read or write & do what you wish
but think of me, as your husband - My dear
I love you beloved Sara - Your Own husband Sealed
