Doctor Boylston was employed at the great

most dangerous.

But neither finished of the Building

At home heard Dr. Boylston for a few  
days. He says he is to leave a few

the cause.

Nothing is wanting some fine paintings

Real Economy was needed mainly in the

 We had C. P. Brown off the  
 Boardholder Committee - we did  
 not feel sure of him -

July 26  
 I found Magoffin & myself had  
 lunch together - a very fine man  
 and we are very happy he is  
 on the Boardholder Committee. The  
 name of the Committee has been  
 changed from Independent  
 to the C. P. Boardholder Committee. -

July 25

About every President Member and  
 the general public protesting against  
 appointment of the President. Nothing  
 they had heard that Curry would  
 be opposed again with respect  
 to the proposed salary, that he  
 had no intention of reappointing  
 Curry. He then at length, that  
 Curry is not to go.

We will meet and hold  
 him we would not care to see  
 appointed, which would be  
 a detriment to the Manufacture  
 of Coal at any time, but in  
 a General we hold him, we  
 prefer to fight these Packeters.  
 It is sympathetic to the  
 N. F. Co. - I hope also concerned  
 him.

They heard that the May in  
 charge this week was not successful  
 and we would have more than  
 an hour change. The Board  
 encourages. Siffman had not  
 one of the young attorneys of  
 Carl J. M. who said "It is  
 so certainly difficult case. It has no  
 sweating and we do not know  
 what to do?"

Naturally neither can I justify my  
 Parents' Apartments.  
 I must have wanted about the  
 letters sent to the Manufacturers, T.B.  
 Lytle had called up and said  
 the Trust Company was defused  
 with letters of protest, and that  
 Lytle was mentioned, but they  
 had heard that an Application  
 was to be made by the Trust  
 Co. to have me removed - Lytle  
 said how did these people find  
 it out? I told him a Bondholder  
 had called me up and told  
 me that they had heard these  
 rumors. In our place everything  
 spreads like wild fire. -  
 I asked Lytle's opinion of  
 Harbison also being on a Committee  
 with Lytle. Lytle replied that  
 perfectly OK - I am also on a  
 Committee regarding to the Manufacturers  
 Trust Co. His love for the Manufacture  
 Trust Co. can easily be understood.  
 1. Harbison or some Committee with Lytle.  
 2. Trust on another Committee with Harbison.  
 3. Harbison and Lytle might be  
 together with Carter, Nelson & Milliken  
 this last part is still under consideration  
 despite the interrelationship.

3.

Ernest and Hartung's old project it is  
my duty now upon Ernest's  
Hartung's. For instance Ernest  
sent a detailed letter to settle  
at the last Meeting held with  
Rich three points, the substance  
Rich had expected Ernest would  
me back that those 3 points  
never came up at that meeting.  
I gave Rich and not bring  
them up, but he simply  
gave up the papers on those 3  
points to suit himself.

I cannot tell you Hartung's  
reasons for indignation. I am  
at the light of the attitude of  
Ernest Schullz in doing his  
utmost.

The proceedings will be sent by  
post Mark the Customs and  
Legal Proceedings here, is that  
the proceedings and Minutes are  
signed by the Chairman and  
Secretary of the Convention.  
The American Government announced  
that they will purchase 2 1/2 million  
ounces of silver - whoever has  
the made a fortune it would  
have been easy for me to know  
this.

3.

at the change of attitude of the Dippman  
-he act. With a Chamberlain  
He suggested not to send the statement  
in our section against the Judiciary  
Committee, because he felt that  
he may now meet Chamberlain -  
perhaps play golf with him and  
perhaps he would persuade Chamberlain  
to "pull things out." The same  
old fellow "ethical" and "conscience"  
I will by protesting against such a  
thoughtless limit find that his  
Crosby's Grace had advised him  
that F. S. Curry and J. W. Stanford  
the 2 members of the Judiciary  
Committee living in New York State  
are away for three weeks - this  
is almost unbelievable to many  
of us - can't bring our section for 3  
weeks. A terrible price to pay  
for our Attorney, Bellamy, I have  
been begging them for weeks  
to act -

Dippman had stated clearly, that  
we should fight for the money in Curry's  
Commission and we will also get the  
\$2500 - per Month Allowance for travel  
expenses. Today Dippman stated that if  
we did get the Curry Money, then we  
would just get the 1st Allowance

3  
sessions - the larger all greatly  
interested. He will especially observed  
Scheur as a young inexperienced  
lawyer and in his conduct no  
wonder for the experienced & crowded  
lyeth of course young coaches, Schur  
wishes to say to lyeth, I'll manage  
said things were entered by  
Scheur to lyeth - a very fine  
afternoon. I Hartman, John Smith  
Gissman not in Hartman is  
Office for a Conference at 6:30 -  
The Combs for our Committee  
was put into final shape. He  
found among with I heard the  
Boffer were made - he hope to  
obtain a lot of Bonds for  
\$25000 - Bonds that  
he secure for deposit with one  
C. H. He will receive \$1000 -  
He also will receive \$1000 - for  
expenses -

In another conversation of Scheur  
with lyeth, lyeth said will  
perhaps to the best and we will  
see if we cannot come to any  
agreement I cannot deal with trust  
these impossible - about trust  
of danger and burden - I have indicated

3.  
Another matter, which of things  
concerns me, is the feeling  
existing, the "rumor" of "Fishes"  
in business - many of the  
societies were started, but at  
present only exist in name -

We shall follow your  
instructions - regard to Gen.  
and do everything in our power  
to maintain and strengthen  
this connection - I can't hide  
the fact, that when I saw Gen.  
W. R. L. G. he appeared to be  
straggled, his own thoughts  
had been diverted and some  
last morning with you, it mentioned  
to you about the young group, and  
said, "no one" really, before, then  
myself, to have the demand  
of the first money for the first paper  
will learn, will be towards  
payment of this obligation  
to you -

I thought please find the  
copy of letter sent to Lyndon  
denouncing America's  
adherence - It was so easy  
for Galt to have avoided the

Application cannot be thrown into the hands of  
 Court until it would be a very great loss  
 and out of such a letter I called up  
 Jackson and despite Jackson's objection  
 I made him hold up this letter  
 Told Court to be daring Court said in  
 the Actions I want to be certain  
 what we are doing with them and  
 come on being opposite to the  
 the Court said they want to know  
 said Court that I felt that  
 years I thought that before I had  
 done I often heard of  
 his ability and his position. The  
 journey to bring these actions  
 on being - It appeared to be  
 drilled and all kept up but we  
 see the Court's Gregory's hands  
 far above the other attorneys in  
 ability and in Morality and I  
 can safely see why the Court has had  
 patience with him.

Sept 15<sup>th</sup> had changed my mind and  
 sent this morning felt Jackson's  
 letter was O.K. - hoping to be able  
 to hurry with the Application for our  
 educational funds.

In the afternoon a Meeting at  
 Great Office and I do not deny  
 that I was greatly surprised
