Saturday - June 10th

Dearest Katherine and Inge:

Just a little note to let you know Leo is on the way. He was awfully nervous yesterday and did not look at all well - he was so very, very pale, but I think he will quiet down on the way. I think he takes too many sleeping tablets - the night before leaving, he took two Nembutals, then he gets so forgetful. I have noticed for sometime now that he is forgetful, but it may be caused by these sleeping tablets. Albert was there and took him to the boat.

My reason for going there yesterday, was, the check for the grapefruit finally got here and I returned the \$500 check that Leo had given me on Wednesday for the Florida account. I won't tell you about the check for the grapefruit, as I know Leo is looking forward to this "pleasure" - it was a nice check.

After Leo left, we talked to Alma a short time and she told me that she too noticed he is so forgetful. I have been preaching to him not to take so many sleeping tablets and I hope he will be able to sleep without them now.

This is all the news, but Marta wants to add something to this note.

My love to you both,

Tom

P.S. - Marta has had a change of mind about visiting her friend in N. Se. She now thinks it would give her more pleasure in having her 19 year old niece here for a week. I wish Marta be very happy again.
