Dear Gene:

Enclosed find the original letter received from the Secretary of State regarding the articles of incorporation. I would appreciate it if you would give me the information he asks for in the enclosed letter. Also return me the original letter so that I will have it for my files.

As soon as I receive this information so that I can forward it on to the Secretary of State, I see no reason why we should not receive our certificate.

With kindest personal regards, I am

Very truly yours,

Dear Gene:

This will acknowledge receipt of your two booklets and knowing the officials about the State House, I am afraid to send these booklets to them for fear we will never get them back. I will arrange to take them to Indianapolis next week, and at that time I will present them to the Secretary of State and I am sure your Articles of Incorporation will come through promptly.

Very truly yours,

Elmer F. Bossert.
