Dear Sina:

I am writing you about the possibility of a Memorial Room for Prof. Roerich in the Museum at Houston, Texas. Paul Raigorodsky exhibited our small collection of paintings in Houston and it had a very favorable reception. Paul talked to the Director of the Museum there and he would be willing to give an entire room to the Roerich paintings if we can assemble a larger and more comprehensive permanent exhibit. Paul would donate our group "Milestones of Asia" series and I thought you might know of some friends of Prof. Roerich who would also donate paintings. Perhaps Madame Roerich would like to contribute some. Paul is also willing to buy some paintings to help with the collection I believe his idea is to have some of the Russian ones and some of the larger and more important paintings.

If you feel this is a good plan won't you write Paul and give him some idea as to paintings which might be available etc.

His address is

Paul M. Raigorodsky
Lamar Hotel
Houston, Texas

Please let me know your thoughts about this.

We all miss Maurice so much - it was a shock to have him go so quickly.

With all best thoughts from the heart

Glyde
