September 6th, 1931

My dear Mrs. Lichtmann:

Thank you with warm thanks for your thoughtful telegram, which I took the liberty of forwarding to Dr. Chklaver.

He has been most kind and thoughtful, and is arranging that the Duchess of Somerset and I have reservations with the Roerich Society at the St. George Hotel.

The Duchess is much interested in the Conference and especially in the Section of agenda regarding castles and chateaux. The ancient Castle of Berry Pomeroy belonging to their family, though now in ruins, is a national treasure and monument. May the Roerich Banner of Peace soon flutter above it.

I think so often of your dear mother and send her my love. I hope that she may be feeling better.

With kindest remembrance to you and Mr. Lichtmann, and renewed thanks for your cable,

Sincerely your friend,

(Signed) Sarah Emery Dudley.
