Dear Mrs. Fosdick:

On behalf of WOR-Mutual, and the United States Treasury Department, I want to thank you for your contribution to our Victory Auction last Saturday night.

We have been receiving some splendid bids. Even at this writing, I am afraid to state the actual figure in War Bonds that was received for your contribution. I think when I send you the final figure, you are going to be delighted.

The lowest bid received at the present time on any of the items is \$10,000. and several of the items are far surpassing that figure. Before we were off the air ten minutes, the cumulative bidding was well over Half a Million Dollars, and I am in hopes that it will go much higher before the week is out.

You did a grand job on the air, and your appearance in person, plus your contribution is deeply appreciated. You have every right to feel proud.

Cordially,

(Signed) Dave Elman.
