Dear Miss Grant:-

Yesterday the ring came - It is a magnificent thing! Please tell me the meaning of its design and what kind of a stone it is. I feel happy to possess the mystic token of a land with people whom I admire and cherish.

I've spoken to Professor Pepper. It seems more difficult to renew the old enthusiasm. I am going to gather some signatures and then ask Professor Pepper again to take care of the petition.

Please remember me kindly to the Koerich family.

Cordially yours,

Alexander Kam (signed)
