Brom ley, Kent.

My dear Mahon,

Very many thanks for your letter of 9th May and a copy of the February number of Around the World which contains your article on the "Roerich Banner of Peace".

I am sending this on to Mr. Eden who is doing so much for peace, and am asking him to take a special interest in it.

We had a pleasant time in Delhi and enjoyed our visit to the Booths and I do sincerely hope that the Indian Authorities will do something for him.

Williamson and I returned safely after a wonderful trip, which after we left you included Australia, New-Zealand, Canada and America.

We often talk of the pleasant times we had in India, including the laughs we had when we were in your very pleasant company.

With best wishes to you both

Yours sincerely,

E.T. Campbell

(Sir Edward Campbell.)
