Dear Mr. Shebayer

I wonder if you have a railway time table you could lend me? Or if you could tell me what time the train leaves Pataukot for Lahore and what time the train leaves Lahore for Rawalpindi.

I am going down with the Phailbus on Monday & from what Mr. Phailbus said yesterday I think the train that I shall catch, (or that I hope to catch!) to Pindi goes in the evening, in which case I shall have to wire to the Stationmaster to book a berth.

Mr. Phailbus says we shall arrive
in Lahore in the evening some
time. I didn't think at the
time about having to book a
berth, or I should have got the
exact time from him. I am
so sorry to trouble you. I thought
you would probably know as
Miss Lichtmann was in Lahore
so recently.

I hope your cold is better.

Kind regards

Yours sincerely

Phoebe L. Livingston

P.S.

If there is anything I could do
for you or Miss Lichtmann do
let me know.

Dear Mr. Shebayer

The Doctor has advised

us to go home earlier than we had originally intended, on account of

Billy, who hasn't been well since

before Xmas, so we have taken

passages on the Maloja, sailing the

31st of this month. We intend

to leave here as soon as we can

get our things packed up & spend

the remainder of the time in Kulu

and I am writing to let you

know that we have the following

things for disposal, in case they might

Dear Mr. Shebayer

Thank you very much for your kind letter & Rs 24. I am glad to get rid of the oil & quaker oats, as it saves us taking them back to Kulu. It is good of you to take them. I do hope your cold will soon have gone.

My brother-in-law is not coming home with us unfortunately. His leave isn't due until April. It is a disappointment that we cannot all travel together, but

it can't be helped r under the
circumstances it is better to get
home. We don't quite know
what is wrong with Billy -
Some kind of tummy trouble.

With many thanks to you all
for your kind wishes &
With kindest regards

Yours very sincerely

Dear Mr. Mebayer

We have a quantity of charcoal & also of wood, & I have been wondering if you would care to take it over. I think there are about 20 maunds or more of coal and about 2 trees cut up into logs. The trouble is that I have no one here that I could trust to give

out the stuff to your coolies
if you should decide to take
it over, but perhaps you
could send a reliable man.
If you do decide on taking it
I shall give your man the
keys of the go-downs & you
could weigh up the stuff
as it goes up to the Hall.

The coal would be Rs. 4
per maund & the wood Rs. 10
for the lot.

I should have written about it

before only I thought that
it might be of use to my
brother-in-law's successor,
but my brother-in-law says
it is unlikely he will spend
much of his time here
as he has no family.

If you don't want it
don't have any hesitation
about saying so, as I can
quite understand that
you may have a sufficient
stock & not want to have

the bother of taking this.

Many thanks for sending
the masks. When they came
I was very busy & so did
not acknowledge them at the
time.

Kindest regards

Yours very sincerely
