My dear Mr. Shibayev:

The members of the Roerich Museum Committee have asked me to order a complete set of the reprints of articles by Nicholas de Roerich, as well as reprints of articles written about Prof. Roerich.

We would like to have them together in one clipping book, as a permanent record. We should also appreciate it if you would be so kind as to send us, henceforth, all the reprints as they appear, as well as special issues pertaining to the art of Prof. Roerich, so we can add these to our permanent collection of reprints and special issues.

Please send to the Roerich Museum Committee, by return mail, a bill covering the complete cost of the afore-said articles.

With best greetings from all the members of the Roerich Museum Committee, I remain

Most cordially yours,

M. M. Lichtmann, Chairman
